

CHAPTER IX TETRA ETHYL LEAD MIXTURES

181. Additions of Tetra Ethyl Lead Mixtures. –

Tetra Ethyl Lead shall not be blended with petroleum except in an equipment approved in writing by the Chief Controller and in such proportions and under such conditions as may from time to time be determined by him.

182. Additions of Tetra Ethyl Lead Mixture. –

Tetra Ethyl Lead shall not be blended except in an equipment approved in writing by the Chief Controller and in quantities not exceeding the limits specified in the relevant Indian Standards specifications.

183. Prescription of special conditions. –

The Chief Controller may from time to time by a written order prescribe special conditions which shall be observed during mixing of petroleum with ethyl fluid, handling of leaded petroleum or cleaning or repair of storage tanks which have contained leaded petroleum.

184. Colouration of leaded petroleum. –

Every mixture of petroleum and tetra ethyl lead shall be distinctively coloured before being supplied to the public.

185. Marking of receptacles. –

All receptacles other than tank containing a mixture of petroleum and tetra ethyl lead shall, except when they are in possession of the Defence Forces of the Union, bear a warning in the following terms, namely :

WARNING:

THIS SPIRIT CONTAINS LEAD AND SHALL BE USED AS A MOTOR FUEL ONLY
